

46,048

Does this number mean anything to you ?
If not, let me explain why this number is so exciting...

That number represents how many **POUNDS** of books that our **Got Books** bin has collected since we started the program in December 2007 !

As of 10/26/09 -we have had the bin emptied 19 times, with an average of just over 2424 pounds each time. There has been a steady increase in participation, and the frequency of the bin filling up. We are averaging \$137.00 per bin load. We have raised \$2302.40 to date with this great way to recycle and earn money at the same time !

If you are using our Got Books container to put all your used books, CD's, DVD's and VHS tapes in – we thank you. Tell all your neighbors and friends too. ANYONE can put their used items in our container. If you are not using the container yet; please keep it in mind the next time you clear your book shelf, or your child has outgrown books in your home.

The Dewing School receives payment for these items. In turn, these items are distributed to used Book Stores which sells to the public for minimal costs. The Got Books corporation also supports local charities and our Troops overseas with some of these donated items.

Thank you for all who participate – this program continues to be a great success !
